Program Details

Secondary market sources or the proceeds of Bonds will be used to acquire mortgage-backed securities guaranteed by the Government National Mortgage Association ("GNMA") pursuant to the GNMA I and GNMA II Mortgage-Backed Securities Program, the Federal Home Loan Mortgage Corporation ("FHLMC"), and/or the Federal National Mortgage Association ("FNMA") (jointly, the "Securities") backed by pools of single-family mortgage loans (the "Mortgage Loans") made to finance the acquisition of newly constructed or existing residences (the "Program", as outlined in the Proposed Program Summary, **Exhibit A** attached hereto) within the boundaries of the Issuers and the cities and counties which enter into cooperation agreements with the Issuers (the "Program Area").

This Program is subject to the terms set forth in the Lender Origination Agreement (the "Agreement"), the Participating Lender Agreement (the "Participating Lender Agreement") with U.S. Bank National Association, as Master Servicer (the "Master Servicer"), the Lender Notices, the applicable Interest Rate Notice, and the Offers to Originate and Assign Servicing (each, an "Offer").

Pursuant to the Offer, the Agreement and the Participating Lender Agreement, as supplemented by Lender Notices and Interest Rate Notices, Mortgage Loans will be originated by lending institutions participating in the Program ("Originating Lenders"). Each Originating Lender will agree to originate Mortgage Loans thereunder and *sell and assign all Mortgage Loans it originates, including servicing rights, to the Master Servicer*, which will agree to accept assignments of Mortgage Loans and the servicing in connection therewith from Originating Lenders. Originating Lenders must satisfy applicable criteria relating to the origination and sale of Mortgage Loans established in the Participating Lender Agreement and related documents by the Master Servicer and eHousing Plus (the "Program Administrator"). The Master Servicer will also be required to deliver the Securities backed by a mortgage pool consisting of Mortgage Loans assigned to such Master Servicer to the Trustee, Stifel, Nicolaus & Company, Incorporated (the "Security Purchaser"), or alternate security purchaser.

Qualifying Mortgage Loans will be loans that are made to persons and families residing within the Program Area whose annual family income does not exceed the applicable Household Income Limit. The Agreement also provides that the residence acquired must be the principal residence of the borrower. If an Interest Rate Notice states that future Mortgage Loans will be funded with tax-exempt Bond proceeds, (i) qualifying Mortgage Loans will be subject to certain purchase price limitations and (ii) if the borrower's residence is not located in a federal Targeted Area, then the borrower must not have held a present ownership interest in a principal residence at any time during the last three years. In addition, qualifying Mortgage Loans are subject to certain insurance requirements and other conditions of the Issuers, the Federal Housing Administration, the Department of Veterans Affairs, FHLMC, FNMA, USDA-RHS, and GNMA, as more completely described in the Offer, the Agreement and the Lender Notice (such documents, together with this Invitation to Participate, collectively called the "Program Documents"). The Agreement, as supplemented by Lender Notices, will be the principal document setting forth the rights and obligations of the Lenders and the Master Servicer under the Program.

Lender Application Procedure

Each lending institution desiring to become an Originating Lender in the Program is required to submit to the Issuers one copy of the completed eHousingPlus Contact Sheet (**Exhibit B**), proof of authorization to execute required program documents and authorized signatories (such as the Resolution and Certificate attached as **Exhibit C**), one original copy of the Offer to Originate and Assign Servicing (**Exhibit D**) and one original executed signature page to the Agreement.

Each lending institution must be approved by the Issuers and the Master Servicer to participate in the Program. A lending institution may *not* begin issuing commitments to make Mortgage Loans under the Program until receiving notice from the Issuers and/or the Master Servicer that it has been accepted for participation in the Program.

Following submission of the required documentation, such approval will be based on a review of the qualifications and experience of each lending institution and its ability to originate Mortgage Loans in accordance with the terms and conditions set forth in the Program Documents. All lending institutions approved to become Originating Lenders shall be required to execute and be bound by the terms and conditions of the Participating Lender Agreement and the Agreement, as supplemented by the Lender Notices.

Pursuant to procedures established by the Issuers, the Master Servicer and the Program Administrator, Mortgage Loan reservations will be made available to Originating Lenders on a first-come, first-served basis. The Issuers will *not* allocate specific commitment amounts among the Originating Lenders and no commitment fees from Originating Lenders are required in connection with this Program.

The Issuers, the Master Servicer or the Program Administrator will periodically send to each Originating Lender Interest Rate Notices and/or Lender Notices specifying, among other things, the Loan Purchase Price, the applicable Household Income Limits, the applicable maximum Acquisition Cost (if any), the interest rate for Mortgage Loans and the Mortgage Loan Origination Period. The Lenders must sell and deliver Mortgage Loans to the Master Servicer within the delivery period set forth in the applicable Interest Rate Notice and/or Lender Notice (establishing, among other matters, the interest rate for the Mortgage Loans).

The description herein of any of the terms of the Program is qualified in its entirety by the Offer, the Agreement, the Lender Notices and the accompanying exhibits. The Issuers reserve the right to reject any and all applicants.

*Loan Delivery
Extension:*

Any Mortgage Loan not purchased within 70 days of the rate lock will automatically receive a 30-day extension, with additional extensions applied as needed. See the Administrator's Guidelines and the applicable Interest Rate Notice for further details regarding extensions, including the amount of the extension fee.

*Underwriting
Guidelines:*

All Mortgage Loans must meet FHA, VA, USDA-RHS and conventional underwriting guidelines, respectively. All borrowers must have a minimum credit score as set forth in the Administrator's Guidelines.

*Compliance
Review:*

The borrower's household income cannot exceed the Household Income Limits and, if the Mortgage Loan is funded with tax-exempt Bond proceeds, the home purchase price cannot exceed the Maximum Purchase Price Limits established with respect to the Program. The Household Income Limits and the Maximum Purchase Price Limits (if applicable) are listed in the Administrator's Guidelines published by the Program Administrator.

If an Interest Rate Notice specifies that Mortgage Loans will be funded with tax-exempt Bond proceeds, all borrowers must be first-time homebuyers as defined by the U.S. Treasury. Generally, that means the borrower cannot have owned a home in the past three years.

eHousingPlus is the Program Administrator. The Program Administrator will be responsible for reviewing all loan applications to determine if a loan is eligible based on income, purchase price (if applicable) and first-time homebuyer (if applicable) requirements. A Compliance Certificate will be issued by the Program Administrator *after* a loan has closed.

*Cash Assistance
Grant Recapture:*

A cash assistance grant may be subject to recapture, if specified in an Interest Rate Notice. If a borrower receives a grant that is subject to recapture, the borrower will be required to repay the full amount of the cash assistance grant to the Issuers if the borrower sells, otherwise disposes of or refinances the home financed by the Mortgage Loan within 30 years of the closing date of the Mortgage Loan.

*Recapture
Tax:*

If a Mortgage Loan is not funded with tax-exempt Bond proceeds, the borrower is not subject to recapture tax. If a Mortgage Loan is funded with tax-exempt Bond proceeds, the borrower is subject to recapture tax. This tax is a repayment to the federal government for the interest rate subsidy that was provided by tax-exempt bond financing. Generally, the borrower must pay the federal government a portion of their profit, if any is made, if the borrower sells their home in the first nine (9) years. In no event will the tax exceed the lesser of 6.25% of the original mortgage amount or 50% of the borrower's net profit on the sale of the house. The recapture tax is paid through the borrower's Federal Income Tax Return.

*Targeted Area
Considerations:*

If a Mortgage Loan is funded with tax-exempt Bond proceeds, the first-time homebuyer requirement, purchase price limits and lower income limits generally apply. However, if a Mortgage Loan that is funded with tax-exempt Bond proceeds is made in a federally designated Targeted Area, the first-time homebuyer requirement is waived and the higher income limits apply.
